635 ELMWOOD AVE

***WE'RE ALMOST READY
FOR OUR OPENING ACT!***

***... all we need is some make-up
to add the finishing touches!***

We've been very busy behind the scene...

June 1, 2009 - For the past three months our Board President, Jack Jansen, has been working diligently from dawn to dusk with carpenters, roofers, plumbers, electricians, HVAC specialists and pest control companies to complete renovations on our 635 Elwood Avenue site.

635 Elwood today

635 Elwood with some final touches

Rendering shows building with proposed paint & finishes.

Once completed, the facility will serve as a consolidated location for our drama school, rehearsal space, costume closet and, set storage and shop.

We have made tremendous progress. To date, the entire building has a new roof; all new electrical wiring and service have been install; new HVAC system is installed; the school and office areas have been totally gutted, reconfigured, sheet rocked and primer coat of paint has been applied. New light fixtures have been installed throughout the interior and exterior of the building. Termite damage has been removed, all necessary woodwork replaced and the entire facility has been treated against further infestations.

Office/lounge

Studio "2"
then & now

Dance Studio
then & now

The restrooms have been reconfigured for handicapped access—all new fixtures have been installed. The grounds have been cleared of debris and overgrowth. New safety doors have been installed throughout.

With a few finishing touches, the building will be ready for us to move in - ***but:***

WE NEED YOUR HELP!

The interior and exterior of the building need to be painted. All of the remaining weeds need to be cleared. Foundation planting and enhancements needed to be added.

Can you donate your time?

A gallon of paint?

A paint brush or roller?

A shrub?

A palm?

A planter?

Weed Killer?

That's all it will take for us to have two beautiful new classrooms and a dance studio. Our new site will have a comfortable office/lounge area where parents, guardians and siblings can wait for their children or friends.

⇒The office will be manned at all times during classes.

⇒Safety doors will not allow entrance to the facility without prior screening by the office attendant.

⇒Motion detecting lights are installed around the entire perimeter of the building.

Sign up now so the show can begin!
